The Academic Regulations which are detailed in Section IV, [General Information and Regulations](#) of the [University Calendar](#) apply to and regulate the programme(s) listed above.

On occasion, programmes can be exempted from one or more of the clauses in the Regulations; one or more of the clauses can be varied; and programmes can impose additional requirements.

- Exemptions are characterised by the omission of the relevant clause.
- Variations are characterised by the replacement of the clause with alternative wording.
- Additions are characterised by requirements in addition to those detailed in the Academic regulations.

The programmes listed have approval from the Academic Quality and Standards Committee for the **exemptions** and/or **variations** and/or **additions** to the regulations noted below.

**Exemptions:**

The clause(s) listed below describe where an exemption to the Regulations exists.

**Programme:** MRes Wildlife Conservation

The MRes Wildlife Conservation is exempt from paragraph 7.8ii [Progression, Determination and Classification of Results: Postgraduate Masters Programmes](#). The taught module BIOL6091 in Part 1 of the programme must be passed before students' progress to Part 2 of the programme (research).

**Variations:**

The clause(s) listed below describe where a variation to the Regulations exists:

**Programme(s)**

**Additional Requirements:**

The clause(s) listed below are in addition to the Regulations.

None apply

**These regulations should be read in conjunction with the programme specification.**

**Disclaimer:**

As a research-led University, we undertake a continuous review of our programmes to ensure quality enhancement and to manage our resources. As a result, these regulations may be revised during a student's period of registration, however, any revision will be balanced against the requirement that the student should receive the educational service expected. Please read our [Disclaimer](#) to see why, when and how changes may be made to a student's programme.
