

University Calendar: 2020/21

Academic Regulations: Faculty of Engineering and Physical Sciences

School	Engineering
Final Award	Bachelor of Engineering (BEng) Bachelor of Science (BSc) Master of Engineering (MEng) Master of Science (MSci) <i>with exit awards of:</i> Certificate of Higher Education Diploma of Higher Education Ordinary Degree
Programme(s)	BSc Acoustics with Music BSc Healthcare Sciences (Audiology) BSc Hearing Science BSc Audiology* BSc Hearing Science* MSci Audiology* MSci Hearing Science* MSci Healthcare Sciences (Audiology) MSci Hearing Science BEng Acoustical Engineering BEng Acoustical Engineering with Industrial Placement Year MEng Acoustical Engineering MEng Acoustical Engineering with Industrial Placement Year BEng Aeronautics and Astronautics BEng Aeronautics and Astronautics with Industrial Placement Year MEng Aeronautics and Astronautics (including Aerodynamics, Airvehicle Systems Design, Computational Engineering and Design, Engineering Management, Materials and Structures, Semester Abroad, Semester in Industry, Spacecraft Engineering) MEng Aeronautics and Astronautics with Industrial Placement Year (including Aerodynamics, Airvehicle Systems Design, Computational Engineering and Design, Engineering Management, Materials and Structures, Semester Abroad, Semester in Industry, Spacecraft Engineering) BEng Civil Engineering BEng Civil Engineering with Industrial Placement Year MEng Civil Engineering MEng Civil Engineering with Industrial Placement Year MEng Civil Engineering and Architecture MEng Civil Engineering and Architecture with Industrial Placement Year MEng Civil Engineering with a Year in Industry MEng Civil and Environmental Engineering MEng Civil and Environmental Engineering with Industrial Placement Year BEng Mechanical Engineering BEng Mechanical Engineering with Industrial Placement Year MEng Mechanical Engineering (including Acoustical Engineering, Advanced Materials, Aerospace, Automotive, Biomedical Engineering, Computational Engineering and Design, Engineering Management, Interdisciplinary, Mechatronics, Naval Engineering, Semester Abroad, Semester in Industry, Sustainable Energy Systems) MEng Mechanical Engineering with Industrial Placement Year (including Acoustical Engineering, Advanced Materials, Aerospace, Automotive, Biomedical Engineering, Computational Engineering and Design, Engineering Management, Interdisciplinary, Mechatronics, Naval Engineering, Semester Abroad, Semester in Industry, Sustainable Energy Systems) BEng Ship Science

	<p>BEng Ship Science with Industrial Placement Year MEng Ship Science (including Advanced Materials, Engineering Management, Semester Abroad, Naval Architecture, Naval Engineering, Offshore Engineering, Yacht and Small Craft) MEng Ship Science with Industrial Placement Year (including Advanced Materials, Engineering Management, Semester Abroad, Naval Architecture, Naval Engineering, Offshore Engineering, Yacht and Small Craft) BEng Naval Architecture and Ocean Engineering BEng Marine Engineering BEng Underwater Acoustics * Includes Part-Time</p>
Last modified	April 2020

The Academic Regulations which are detailed in Section IV, [General Information and Regulations](#) of the [University Calendar](#) apply to and regulate the programme(s) listed above.

On occasion, programmes can be exempted from one or more of the clauses in the Regulations; one or more of the clauses can be varied; and programmes can impose additional requirements.

- Exemptions are characterised by the omission of the relevant clause.
- Variations are characterised by the replacement of the clause with alternative wording.
- Additions are characterised by requirements in addition to those detailed in the Academic regulations.

The programmes listed have approval from the Academic Quality and Standards Committee for the **exemptions** and/or **variations** and/or **additions** to the regulations noted below.

Exemptions:

The clause(s) listed below describe where an exemption to the Regulations exists.

None apply

Variations:

The clause(s) listed below describe where a variation to the Regulations exists:

Programmes: all MEng/MSci programmes		
	Existing University Regulation (inc. link)	Approved Variation
2.2	<p>Progression, Determination and Classification of Results: Undergraduate and Integrated Masters Programmes The University standard Average Mark for a Part for undergraduate students on each Part of a programme is 40.</p>	<p>In order to progress from Part III to Part IV of any Integrated Masters programme (MEng/MSci), students are required to obtain a mark of at least 58 across the weighted average of Parts II and III, where the weighting of the Parts used to calculate that average is 1:2.</p>

Additional Requirements:

The clause(s) listed below are in addition to the Regulations.

Programmes: all MEng/MSci programmes	
<p>Transfer from Integrated Masters (MEng/MSci) to the Bachelor (BEng/BSci) programme is normally permitted up to the last working day in February in Part III. Students who transfer from an Integrated Masters (MEng/MEnvSci) programme to a Bachelor programme will not normally be permitted to transfer back to the Integrated Masters programme.</p>	

Programmes: BSc Healthcare Sciences (Audiology), BSc Hearing Science, BSc Audiology*, BSc Hearing Science*, MSci Healthcare Sciences (Audiology), MSci Audiology*, MSci Hearing Science*, and the MSci Hearing Science

are subject to DBS requirements. Continuation on your programme is subject to:

- consideration of any criminal convictions. The programme is exempt from the Rehabilitation of Offenders Act [1986]. All students are required to inform the Faculty of all criminal convictions both prior to and throughout their period of enrolment. All students will be subject to an enhanced Disclosure and Barring Service (DBS) check.
- specific health requirements (consistent with the provisions of the Equality Act [2010]). Students are required to inform the Faculty of any health problems, throughout their period of enrolment, relevant to their future employment as a professional.

Programmes: all BEng or MEng with Industrial Placement Year programmes

Industrial Placement Year

- Students on BEng or MEng with Industrial Placement Year taking their placement between Parts II and III may not commence their placement until successful completion of Part II, either at the first opportunity or following a referral opportunity or a repeat of Part II. Students on MEng with Industrial Placement Year taking their placement between Parts III and IV may not commence their placement until successful completion of Part III, either at the first opportunity or following a referral opportunity or a repeat of Part III.
- Students on BEng or MEng with Industrial Placement Year who fail the placement assessment will be referred in that assessment requiring submission of a new industrial placement assessment. Subsequent failure in the referral assessment will result in transferring to the corresponding MEng programme without Industrial Placement Year

Additional requirements relating to the Award of Qualification

Study Abroad

- For undergraduate students undertaking a credit-bearing period of study at an institution outside the UK (including those participating in exchange programmes and independent study abroad programmes) the following conversion scale will be used:

ECTS	North America	GPA Range	GPA Range
A	A/A=+	3.7 - 4.0+	70 or over
B	B+/A-	3.2 - 3.6	60 - 70
C	B-/B	2.5 - 3.1	55 - 60
D	C/C+	1.9 - 2.4	50 -55
E	D/C-	0.9 - 1.8	40 - 50
FX	F/D-	0.5 - 0.8	25 - 40
F	F	0.0 - 0.4	Below 25

Conversion from Harbin Engineering University to University of Southampton marks

- The following conversion applies to the BEng Naval Architecture and Ocean Engineering, BEng Marine Engineering, BEng Underwater Acoustics, and the BEng Control Engineering, delivered at the Southampton Ocean Engineering Joint Institute at Harbin Engineering University (the JEI).

HEU	UoS	HEU	UoS	HEU	UoS	HEU	UoS

These regulations should be read in conjunction with the programme specification.

Disclaimer:

As a research-led University, we undertake a continuous review of our programmes to ensure quality enhancement and to manage our resources. As a result, these regulations may be revised during a student's period of registration, however, any revision will be balanced against the requirement that the student should receive the educational service expected. Please read our [Disclaimer](#) to see why, when and how changes may be made to a student's programme.
